Helping Latino Older Adults Access Benefits – Design and implement screening tools and facilitation guides to help families of Latino older adults to access benefits, programs, services and supports.

\$50,000

Colorado Health Institute – Statewide

Supporting Health in a Changing World – Support the core work of the Colorado Health Institute - providing data, analysis and expertise - to support Colorado's efforts to ensure that Coloradans are the healthiest in the nation.

\$349,000

Colorado Health Network, Inc. – Adams, Arapahoe, Denver, Douglas, Jefferson

PrEP Peer Educator Network – Establish a youth-centered and youth-driven pre-exposure prophylaxis (PrEP) peer educator network to provide PrEP education and awareness and to reduce HIV infection risk in youth populations.

\$70,000

Colorado Mesa University Foundation – Delta, Eagle, Garfield, Grand, Jackson, Mesa, Moffat, Montrose, Ouray, Pitkin, Rio Blanco, Routt, San Miguel, Summit

Physician Assistant Program Start-Up – Support CMU in the launch of a new Physician Assistant program to address the critical health care provider shortage that persists on the Western Slope and throughout rural Colorado.

\$50,000

Colorado Nonprofit Association – Statewide

Donate to a Colorado Nonprofit – Support the development of a new system of charitable giving in Colorado through a public awareness campaign for rural nonprofits and taxpayers to participate in the newly established donation option on Colorado's tax return.

\$10,000

Community Resource Center – Statewide

Rural Philanthropy Days – Support the continued operation of the Rural Philanthropy Days (RPD) program with events in Colorado's Western Slope and San Luis Valley regions in 2019 to provide direct access to resources, opportunities for collaboration and professional development services for Colorado's rural nonprofit organizations and community groups.

\$20,000

DreamSpring – Statewide

Expanding Economic Opportunity in Colorado – Through a partnership with Colorado-based foundations and a community development financial institution, provide small business loans to rural, low-to-moderate income, diverse and/or female entrepreneurs residing in Colorado to catalyze economic mobility and support community development.

\$70,000

Hope Communities – Denver

Health and Hope for the Future – Improve access to health care by providing education, eliminating barriers and offering navigation services for residents at The Gardens, an affordable housing community. Residents will engage with community resources and health care agencies, leading to improved health.

\$55,000

Integrated Community – Moffat, Routt

Medical Interpretation and Care Navigation – Provide medical interpretation, care navigation and resource and referral services to address the linguistic, cultural and health care barriers facing the immigrant community in northwest Colorado.

\$25,000

La Puente Home – Alamosa, Costilla

Rural Outreach Initiative – Provide a safety net for individuals and families living in the Flats of the San Luis Valley by connecting them to health care and community resources to ensure their health and basic needs are met.

\$67,584

Medical Legal Partnership Colorado – Adams, Boulder, Las Animas, Logan, Morgan, Weld, Larimer

Medical Legal Partnership at Salud Family Health Centers – Partner with Salud Family Health Centers to address unmet legal needs that affect patients' health and evaluate the impact of adding legal assistance in an integrated care model.

\$50,000

Mercy Housing Mountain Plains – Adams, Denver

Health Navigation Program – Assist residents of Mercy Housing's Denver area affordable housing properties by reducing barriers to accessing health care services and improving health outcomes.

\$37,950

Planned Parenthood of the Rocky Mountains – Alamosa, Chaffee, Grand, Montezuma

Sustaining Health Care Access in Rural Colorado – Ensure the availability and affordability of family planning and basic health services for women, men and adolescents living in rural Colorado communities.

\$70,000

Re:Vision – Denver

Building Community Leadership – Build community leadership capacity to successfully transition the leadership of the organization away from its founders and toward community ownership while growing the promotora program and maintaining high quality family support services.

\$31,074

Servicios de La Raza – El Paso

Health Care Education and Navigation for Latinos – Support Puentes de Recursos (Bridges to Resources), a health care navigation program that aims to increase awareness and build skills to support the prevention of behavioral and physical health issues and increase access to care among Latino families.

\$35,000

The Fund for a Healthier Colorado – Statewide

Colorado's Health Capitol – Support Colorado's health policy infrastructure by creating an innovative, collaborative work environment to advance the interests of nonprofit organizations with missions that include the improvement of health policy from a public interest perspective.

\$60,000

The Place – El Paso

Health Services Program – Provide support to the Health Services Program in coordinating physical, behavioral and mental health care needs of youth experiencing or at risk of homelessness in order to increase health and stability.

\$20,000

Together We Count – Statewide

Ensuring a Fair and Accurate Census Count – Act as a hub of census information, training and support for trusted messengers, including non-profit and grassroots organizations, to strengthen education and messaging and ensure that all Coloradans are counted in the 2020 census.

\$100,000

Aurora Mental Health Center – Adams, Arapahoe

Early Childhood and Family In-Home Services – Increase capacity to provide in-home mental health services and resource supports to families with young children facing barriers to well-being.

\$82,178

Baby Bear Hugs – Elbert, Lincoln, Logan, Morgan, Phillips, Sedgwick, Washington, Yuma

Mental Health Education and Reflective Support for Home Visitation Program – Enable parent educators to deliver enhanced home visitation services to families with limited resources that will normalize discussions about mental health and improve family outcomes through mental health education and reflective support from a mental health consultant.

\$53,606

Boys & Girls Club of Fremont County – Fremont

Youth Suicide and Teen Pregnancy Prevention – Support the development of a collaboration with the local health department and community mental health center to address adolescent high-risk activities by implementing educational programming for youth, training for staff and community members and identifying supports to prevent suicide and teen pregnancy.

\$20,000

Boys & Girls Clubs of the San Luis Valley – Alamosa, Conejos, Costilla, Rio Grande, Saguache
Youth Mental Health & Resilience Project – Improve youth mental health and wellness through training in and implementation of evidence-based social and emotional learning programs.

\$60,000

Bright Futures – Delta, Gunnison, Hinsdale, Montrose, Ouray, San Miguel
Social and Emotional Competency in Young Learners – Foster social and emotional development in children under the age of six, reduce risk of child abuse and neglect and promote school readiness through the Parents as Teachers program and implementation of the Pyramid Plus model.

\$50,000

Catholic Charities, Diocese of Pueblo – Crowley, Huerfano, Las Animas, Otero, Pueblo
Early Childhood Programs of the Family Resource Center – Support evidence-based early childhood and family strengthening programs in Pueblo and surrounding communities.

\$50,000

Children's Hospital Colorado Foundation – Adams, Arapahoe
Increasing Access to Comprehensive Sexual Health Education – Embed a health educator within Aurora Public Schools (APS) to provide training and resources in comprehensive sexual health education for students, teachers and parents.

\$75,000

Clayton Early Learning – Statewide
Healthy Children and Youth Policy and Advocacy – Build capacity to advocate for the creation of a comprehensive early childhood system in Colorado that promotes the healthy development of the state's youngest children.

\$32,500

Colorado Children's Campaign – Statewide
Healthy Foundations for Every Colorado Child – Advance the Healthy Foundations policy agenda which encompasses family planning, maternal and infant mortality, nutrition, physical activity, oral health, immunization and behavioral health.

\$50,000

Colorado Organization for Latina Opportunity and Reproductive Rights – Adams, Boulder, Denver, Jefferson, Lake, Prowers, San Miguel, Summit
Two-Generation Comprehensive Sexual Education Program – Deliver the Two-Gen Comprehensive Sex Ed program to youth and adults from Latinx households across Colorado, using a modified version of the evidence-based curriculum Cuidaté that incorporates Hispanic/Latino cultural values and fosters positive sexual health outcomes.

Cooking Matters Colorado - Reducing Food Insecurity for Children in Low-Income Families in

Underserved Areas – Support the Train-the-Trainer model and implementation of Cooking Matters for Parents and Cooking Matters for Child Care Professionals courses in 13 high-need counties in partnership with nine community-based organizations.

\$75,000

Summit Community Care Clinic – Park

Increasing School-Based Health Center Services – Expand integrated health services to provide primary care, oral health and behavioral health services to students, their families and school staff and implement restorative dental services in the Fairplay school-based health center.

\$59,997

Sun Valley Youth Center – Denver

Promoting the Social and Emotional Development of Sun Valley Youth – Promote participants' and families' social and emotional development through mindfulness activities, positive social development instruction and nurture groups.

\$50,000

University of Colorado Anschutz Medical Campus – Denver

Pregnancy and Parenting Partners (P3) program at Denver Health – Support Denver Health in the implementation of the P3 program, providing access to high-quality and consistent group-based prenatal care, education and support.

\$78,353

University of Colorado Anschutz Medical Campus – Statewide

Harris Program in Infant Mental Health Training Fellowship – Support the expansion of the Harris Program in Infant Mental Health Training Fellowship to meet the needs of community-based providers serving pregnant women, infants and young children and their families. Training will include didactics designed to prepare clinicians for Infant Mental Health Endorsement, HealthySteps training, Fussy Baby training and supervision, and reflective supervision. This funding will help address the significant early childhood mental health workforce shortage in Colorado.

\$49,000

Warren Village – Denver

Early Intervention and Prevention Program – Support the Early Intervention and Prevention Program designed to increase the long-term social and emotional wellness of children at the on-site learning center, a key programmatic component of the overall organization assisting single-parent families experiencing homelessness.

\$40,000

Wild Plum Center for Young Children and Families – Boulder

Mental Health Support in Early Childhood Education Setting – Support early childhood mental health consultant to provide mental health services and education for children, families and staff. Implement Conscious Discipline curriculum and provide mental health training to build staff capacity to promote social and emotional development in children.

\$53,200

All American FAMILIES PLUS – Delta

Rural Innovations in Creating Sustaining Health – Continue to implement and strengthen the Families Plus Mental Health - Mentoring System, providing a system of care for Delta County’s most vulnerable youth.

\$66,000

Asian Pacific Development Center – Adams, Arapahoe, Denver, Jefferson

Improving Access to Integrated Care for AAPI Refugees – Continue to staff a health care coordinator to advance the integration of primary and behavioral health care for Asian American and Pacific Islander (AAPI) refugees. Continue expansion of telehealth services to reach patients with significant barriers to care.

\$58,700

Attention Homes – Adams, Arapahoe, Boulder, Broomfield, Denver, Douglas, El Paso, Jefferson, Weld
Mental Health Program for Youth Experiencing Homelessness – Provide a continuum of services for youth experiencing homelessness through Attention Homes’ drop-in and overnight shelter facility.
\$35,000

Aurora Citizens for Excellent Schools – Adams, Arapahoe
Mental Health in Aurora Public Schools – Support a campaign to increase funding for key areas that support student health, safety and learning, including expanded staff and training dedicated to student mental health supports and services.
\$10,000

Caring4Denver – Denver
Caring4Denver Campaign – Support a campaign to raise awareness of Caring4Denver, a November 2018 ballot initiative in the City and County of Denver that will raise an estimated \$45 million annually to fund: mental health and substance use treatment services for children and adults; support suicide prevention programs; and, promote affordable housing and case management services to reduce homelessness.
\$25,000

Centro de la Familia – El Paso, Pueblo, Teller
Fortaleciendo Familias (Strengthening Families) – Support Fortaleciendo Familias to provide critical support to Latino adults, families and children with emotional, behavioral or crisis-oriented challenges.
\$53,485

El Centro Amistad – Boulder
Emotional Well-Being in Latinx Communities – Provide counseling, coaching and support for Latinx community members experiencing stress and behavioral health issues.
\$50,000

Every Child Pediatrics – Adams, Arapahoe, Broomfield, Denver, Jefferson
Integrated Behavioral Health Program – Increase access to behavioral health services for children in families with limited incomes by integrating a behavioral health consultant into the medical team at the Lakewood office.
\$64,497

Extended Hands Of Hope – Adams, Arapahoe, Boulder, Broomfield, Denver, Douglas, Elbert
Mental Health Services for Survivors – Address complex trauma and promote recovery of female identifying minor and young adult survivors of domestic sex trafficking by providing access to trauma-informed mental health, restorative and preventive services.
\$70,000

Family & Intercultural Resource Center – Summit

Companeras: Peer Mental Health Support Planning Project – Develop a comprehensive peer mental health support model for Spanish-speaking adults to increase access to community-based services and improve health for the Latino population of Summit County.

\$25,000

Friendly Harbor – Pueblo

Expanded Peer Support and Outreach – Provide peer support services to Pueblo Behavioral Health and Veteran's Courts to improve outcomes of individuals experiencing mental health, substance use and criminal justice challenges.

\$37,500

Jewish Family Service of Colorado – Adams, Arapahoe, Broomfield, Denver, Douglas, Jefferson

Refugee Mental Health Services – Provide mental health supports to refugees who have experienced significant trauma and ensure that refugees in the community can navigate care systems effectively.

\$75,000

La Cocina – Larimer

Mil Dias de Amor: Optimizing the First 1000 Days of Life – Provide services to primarily Spanish-speaking parents and caregivers who are expecting a baby or raising a young child and experiencing mental health concerns and/or concerns about their child's development through social support groups, parenting workshops and in-home psychotherapy.

\$61,567

Maria Droste Counseling Center – Adams, Arapahoe, Broomfield, Denver, Douglas, Jefferson

Enhancing Clinical Training and Integrating Mental Health Care – Train and prepare clinicians entering the workforce, increase access to quality, community-based mental health care services and continue to develop the integrated and co-located care partnerships.

\$70,000

Mental Health Colorado – Statewide

Improving Community-Based Mental Health and Substance Use Disorder Services – Support local leaders in expanding and improving community-based behavioral health services through development of toolkits, enhanced data collection, technical assistance, support for ballot initiatives to increase funding for mental health and substance use disorder services and a focus on addressing health equity through increased outreach to underserved populations.

\$75,000

Mile High United Way – Adams, Arapahoe, Denver, Douglas, Jefferson

Bridging the Gap – Provide empowering, supportive services to youth ages 18 through 24 and their children as they transition from foster care and youth corrections to independence. Support professional development opportunities for independent living coaches providing critical wraparound services.

\$60,000

NAMI Colorado – Statewide

Building NAMI Colorado's Capacity to Strengthen and Expand its Programs – Support a consultant-led training of board members in nonprofit finance and governance to strengthen organizational stability and create a successful foundation for the future.

\$24,000

Saint Francis Center – Denver

Behavioral Health Services for Adults Experiencing Homelessness – Provide critical case management and clinical interventions to address the mental and behavioral of individuals experiencing homelessness.

\$75,000

San Luis Valley Immigrant Resource Center – Alamosa, Conejos, Costilla, Mineral, Rio Grande, Saguache

Mental Health Care in the San Luis Valley – Provide culturally and linguistically appropriate therapy to clients facing immigration concerns, trauma and stress.

\$40,000

Second Chance Center, Inc. – Adams, Arapahoe, Denver, Jefferson

Integrated Mental Health Care for Individuals Involved in the Justice System – Integrate professional behavioral health care for people leaving prison into a peer mentoring model of care in a familiar, supportive and trusted environment.

\$65,910

Servicios de La Raza – Adams, Arapahoe, Broomfield, Denver, Jefferson, Weld

Behavioral Health Services Program – Provide Latino residents with culturally relevant and linguistically competent behavioral and mental health services.

\$85,000

Springs Rescue Mission – El Paso

Building Case Management Capacity – Implement a cloud-based client tracking system to build case management capacity to serve adults experiencing homelessness and allow for more informed client-driven plans, efficient documentation processes and improved coordination with partners.

\$15,000

Street Fraternity – Adams, Arapahoe, Denver

Integrated Mental Health Services – Design and develop a plan for an on-site mental health program to provide a place of brotherhood and personal growth where urban young men can identify opportunities, challenges and goals.

\$30,000

University of Denver – Adams, Arapahoe, Denver, Douglas, Jefferson

MotherWise Colorado: Trauma-informed, Integrated Mental Health Services – Continue to empower women and their families to thrive during pregnancy and after a new baby is born through increased access to mental health screening and evidence-based, trauma-informed services for mothers and their children.

\$64,765

Clinica Tepeyac – Denver, Adams, Arapahoe

Oral Health Expansion Project – Increase access to integrated health services for immigrant communities in the Denver metro area with a new facility that includes a new dentist and a new six-chair dental clinic providing comprehensive oral health services.

\$78,243

Colorado Dental Hygienists' Association – Statewide

Advancing Dental Hygiene Through Organizational Strength – Build the capacity of the organization to become a stronger and more influential advocate for dental hygienists and those in need of oral health care services.

\$32,000

Dental Aid, Inc. – Boulder

Dental Aid SMILES Year 3 – Provide dental services to at-risk adults facing barriers to care at eight community sites in Boulder County through virtual dental home model.

\$71,747

Dove Creek Community Health Clinic – Dolores, La Plata, Montezuma

Dental Clinic Expansion – Reduce barriers to oral health care for patients in southwest Colorado by opening a new dental access point in Cortez.

\$75,000

Inner City Health Center – Adams, Arapahoe, Denver, Jefferson

Dental Clinic Expansion Project – Increase capacity to serve people experiencing barriers to health care with a newly designed clinic focused on integrated care to include a remodeled medical clinic, a dedicated behavioral health suite, a unified front desk with a shared waiting room and an expanded dental clinic that will deliver comprehensive oral health care throughout the lifespan.

\$50,000

Mountain Family Health Centers – Eagle, Garfield

MFHC SMILES Year 3 – Support three SMILES locations to increase oral health access for underserved residents, demonstrate clinical efficacy and cost savings through earlier provision of dental care and increase patient participation.

\$145,000

River Valley Family Health Center – Delta, Ouray, Montrose

Expanding Access to Dental Care – Expand access to dental care by providing a dentist for record review and restorative care in partnership with Tri-County Health Network's SKIPPY+ program.

\$84,350

Salud Family Health Centers – Morgan

Sustain and Expand the SMILES model – Over the 2019-20 school year, Salud Family Health Centers will continue to work toward program sustainability and adopt changes as needed, while ensuring program integrity.

\$53,023

Summit Community Care Clinic – Lake, Park, Summit

Summit Community Care Clinic SMILES Dental Project – The goal of the Care Clinic SMILES Project is to increase access to high quality dental services to underserved children and adults in Summit, Lake and Park Counties. This will be done by complete identified improvements to the SMILES infrastructure, implementing a hygienist /assistant model, purchasing additional equipment, and training and certifying staff. SMILES visits will increase by 10% over prior year goals to a minimum of 1260 SMILES visits.

\$124,364

Tri-County Health Network – Delta, Montrose, Ouray, San Miguel

Skippy+ – Tri-County Health Network (TCHNetwork) proposes to continue our school-based dental clinic and begin offering 'Community Clinics' to Medicaid recipients in Ouray, San Miguel and Westend of Montrose Counties. Expanding to Medicaid recipients of all ages will help overcome the Medicaid dental desert across our region and promote oral health care by increasing access for individuals who otherwise would not be able to receive dental care.

\$162,568

Adolescent Behavioral Health Grants Awarded in 2019

Colorado Youth for a Change – Adams, Arapahoe

Mental Health Support at Futures Academy – Increase access to mental health services for over-age and under-credit youth in an alternative school by providing school-based group and individual mental health services.

\$10,000

Denver Health Foundation – Denver

Scaling Up Successful Models of Youth Engagement at Denver Public Health – Employ part-time youth advisors and youth leaders who will apply their knowledge, unique expertise in youth culture, and lived experience to the planning and implementation of action in response to the 2017 Denver Youth Health Assessment and youth violence prevention.

\$30,455

Karis – Mesa

Bridges to Health and Well-Being – Support the street outreach program to connect homeless, unaccompanied youth in Mesa County to mental health services.

\$51,266

Vuela for Health – Arapahoe, Denver

Familias Fuertes – Implement Strengthening Families/Familias Fuertes, a family-based, universal prevention program for Latinx youth ages 10 to 14 and their families to reduce risky behaviors, improve protective factors and strengthen family communication and dynamics.

\$58,200

Colorado Collaborative Grants Awarded in 2019

Axis Health System – Archuleta, La Plata, Montezuma, Dolores, San Juan

Contraceptive Access Change Package – Support assessment and planning activities to strengthen comprehensive, culturally-responsive, and patient-centered contraceptive care and family planning services in AXIS clinic in collaboration with San Juan Basin Public Health Department.

\$20,000

Contraceptive Access Change Project Implementation Plan – This proposal is the implementation of change strategies identified in the Colorado Contraceptive Access Change Package planning grant, covering the six primary drivers identified in the Package. The planning grant involved a partnership between Axis Health System (AHS) and San Juan Basin Public Health SJBPH). AHS has two FQHC clinics and SJBPH provides Title X services at two locations. Through identifying gaps and working together, this implementation plan supports both entities to assure access to culturally competent contraceptive care, while building an expanded and sustainable model at AHS, to increase access to integrated, comprehensive contraceptive care in the SW Colorado region.

\$100,000

Clinica Tepeyac – Adams, Denver, Arapahoe

Contraceptive Access Change Package – Support assessment and planning activities to strengthen comprehensive, culturally-responsive, and patient-centered contraceptive care and family planning services at Tepeyac.

\$20,000

Contraceptive Access Change Project Implementation Plan – Tepeyac targets low-income, primarily Spanish-speaking Latinas. Currently, Tepeyac does not provide a full range of contraceptive counseling and services for their patient population. Many times patients are referred to other organizations for these services and Tepeyac loses that relationship. This project will allow Tepeyac to provide comprehensive team based contraceptive counseling and service offerings to our patients and their families. These services will be provided to all patients no matter their insurance status. Services will be provided in a culturally responsive approach.

\$100,000

Denver Health Foundation – Statewide

LARC 1:1 Clinical Training Program – Provide hands on clinical training of LARC insertion and removal to 24-36 Colorado licensed providers (i.e. nurse practitioners, physician assistants, and physicians). Prioritize training for providers employed by Colorado community health centers and other safety-net health care clinics.

\$104,780

Doctors Care – Arapahoe, Denver, Douglas

Contraceptive Access Change Package – Doctors Care aims to integrate reproductive health care into primary care by standardizing workflows, increase provider comfort in providing contraception through education, and increase the number of women who are educated about and receive contraception in south Denver.

\$20,000

Contraceptive Access Change Project Implementation Plan – Doctors Care aims to expand the Women’s Health Services in the clinic to fully integrate access to contraception education and services for all female patients age 15 to 44, regardless of cost or insurance status. Funding is needed to provide development and analysis of workflows, data and reporting management, training for staff and equipment/supplies to deliver a comprehensive program that will help address contraception choices and women’s health issues for women in the clinic.

\$100,00

Every Child Pediatrics – Statewide

Contraceptive Access Change Package – Support assessment and planning activities to strengthen comprehensive, culturally-responsive, and patient-centered contraceptive care and family planning services at Every Child Pediatrics.

\$20,000

Contraceptive Access Change Project Implementation Plan – Every Child Pediatrics seeks to increase access to patient-centered, culturally appropriate contraceptive counseling and long-acting contraception for teen patients. This project will include reviewing work flows, stocking, billing, counseling and clinical procedures, educational materials and documentation, and executing improvements. Our priorities include convening a teen patient group to provide input into planning activities, increasing the number of medical providers who are proficient in inserting implants, expediting the process for patients to receive long-acting contraception, streamlining the referral process for patients who to receive IUDs and improving education and consistent messaging about contraception at medical visits.

\$99,473

Kids First Health Care – Adams

Reproductive Health - Human Centered Design in Adams County – Support a human-centered approach to understand the reproductive health needs and desires of Latina women 18-24 years old in Adams and Pueblo counties, and design relevant, culturally responsive ways to support them in meeting those needs.

\$25,000

Kids First Health Care – Adams

Contraceptive Access Change Package – Support assessment and planning activities to strengthen comprehensive, culturally-responsive, and patient-centered contraceptive care and family planning services at Kids First.

\$20,000

Contraceptive Access Change Project Implementation Plan – Kids First Health Care aims to improve access to reproductive health services for teen patients by providing all birth control methods, establishing standard workflows across all sites, and training staff on evidence-based practices around contraceptive care.

\$100,000

Marillac Clinic – Mesa

Contraceptive Access Change Package – Support assessment and planning activities to strengthen comprehensive, culturally-responsive, and patient-centered contraceptive care and family planning services at Marillac clinic.

\$20,000

Contraceptive Access Change Project Implementation Plan – The Marillac Increasing Contraceptive Access (MICA) project is a 2-year long commitment to improving access for female patients ages 15-44 desiring counseling and contraception options. Historically MarillacHealth has not offered a wide variety of contraception options due to our association with a Catholic health system. We are excited to be able to expand our contraceptive care and to include Long Acting Reversible Contraceptives (LARCs). Our confidence in this project is based on our established use of team-based healthcare. Our plan for implementing MICA relies on use of that team for serving patients desiring contraception, counseling women regarding options and assuring access to providers capable of providing contraception services.

\$100,000

Metro Community Provider Network – Adams, Arapahoe, Douglas, Jefferson, Park

Contraceptive Access Change Package – Support assessment and planning activities to strengthen comprehensive, culturally-responsive, and patient-centered contraceptive care and family planning services at MCPN.

\$20,000

Mountain Family Health Centers – Eagle, Garfield, Pitkin, Rio Blanco

Contraceptive Access Project – The goal of the Mountain Family Health Centers’ Contraceptive Access Change Package Project is to assess and develop a plan for increasing capacity to provide comprehensive contraceptive care, including LARC, to all residents of the West Mountain region who desire those services, regardless of ability to pay.

\$20,000

Contraceptive Access Change Project Implementation Plan – Mountain Family believes every individual has the right to birth control and to choose when to plan for conception. MFHC will increase access to contraceptive care and methods by addressing the six key drivers identified during the Contraceptive Access Package planning period.

\$100,000

Peak Vista Community Health Centers – El Paso, Teller

Contraceptive Access Change Package – Support assessment and planning activities to strengthen comprehensive, culturally-responsive, and patient-centered contraceptive care and family planning services at Peak Vista Community Health Centers.

\$20,000

Peak Vista Community Health Centers – El Paso, Teller

Contraceptive Access Change Project Implementation Plan – Peak Vista’s vision for this project is to increase access to evidence-based, culturally competent sexual and reproductive healthcare services for individuals facing access barriers in the community. Peak Vista will focus on building the capacity of the health centers and project staff to ensure that reproductive healthcare services are delivered with fidelity. Clinical process enhancements, education and clinical training, workflow and system-level improvements, and patient feedback surveys will reduce contraceptive access barriers and health inequities.

\$100,000

Pueblo Rape Crisis Services – Pueblo

Reproductive Health - Human Centered Design in Adams County – Support a human-centered approach to understand the reproductive health needs and desires of Latina women 18-24 years old in Adams and Pueblo counties, and design relevant, culturally responsive ways to support them in meeting those needs.

\$20,000

River Valley Family Health Center – Delta, Montrose

Contraceptive Access Change Package – Support assessment and planning activities to strengthen comprehensive, culturally-responsive, and patient-centered contraceptive care and family planning services at River Valley Family Health Center.

\$20,000

STRIDE Community Health Center – Adams, Arapahoe, Douglas, Jefferson, Park

Contraceptive Access Change Package – Support assessment and planning activities to strengthen comprehensive, culturally-responsive, and patient-centered contraceptive care and family planning services at MCPN.

\$20,000

Contraceptive Access Change Project Implementation Plan STRIDE will increase contraception access to STRIDE's patients and surrounding communities. STRIDE will launch quality improvement initiatives, promote contraceptive services to patients and communities and implement a comprehensive training program to increase the number of providers who are proficient in full-scope family planning health services, particularly LARC insertion and removal.

\$100,000

Telluride Medical Center Foundation – Dolores, La Plata, Montezuma, Montrose, Ouray, San Miguel

Contraceptive Access Change Package – Support assessment and planning activities to strengthen comprehensive, culturally-responsive, and patient-centered contraceptive care and family planning services at Telluride Medical Center.

\$20,000

Contraceptive Access Change Project Implementation Plan – Over the next 15-18 months the TRMC proposes to successfully implement the Contraceptive Access Change Project for Telluride to benefit our community by decreasing barriers to contraceptive care, increasing all contraception options including LARC, increasing number of providers trained and available, improving the experience of patients and ultimately decreasing the number of unintended pregnancies.

\$100,000

Trailhead Institute – Adams, Denver, El Paso, Jefferson, Larimer, Mesa, Prowers

Youth Sexual Health Education in Colorado – Advance school-based sex education programs by supporting targeted implementation efforts, increasing student access to quality education, and expanding the field's body of knowledge related to best practices for institutionalizing sex education.

\$64,575

Vuela for Health – Adams

Reproductive Health - Human Centered Design in Adams County – Support a human-centered approach to understand the reproductive health needs and desires of Latina women 18-24 years old in Adams and Pueblo counties, and design relevant, culturally responsive ways to support them in meeting those needs.

\$25,000
