

2021 COVID-19 Relief and Recovery Funding

Family Supports

American Indian Academy of Denver

Academic and Social-Emotional Support to Students

Expand access to academic and social-emotional support for students and families experiencing disrupted education due to COVID-19. This support will include homework help, tutoring, family wellness webinars, and social/emotional support for students.

Adams, Arapahoe, Denver, Jefferson

\$25,000

Center for Health Progress

Supporting Pueblo Residents through COVID-19

Support the Center for Health Progress' organizers in the Pueblo community to respond to the needs expressed by residents as a result of the direct and indirect effects of the spread of COVID-19.

Pueblo

\$5,000

Denver Indian Center Inc.

Increasing Food Access

Provide food to 140 families per week through the delivery of food boxes to elderly community members and a drive-up food bank for those struggling with food access during the pandemic.

Adams, Arapahoe, Denver, Jefferson

\$50,000

Denver Indian Family Resource Center

Supporting Basic Needs

DIFRC seeks to strengthen vulnerable AI/AN children and families through collaborative and culturally responsive services. Provide cash assistance for rent, food, transportation, and utilities to 100 families struggling with job loss or under-employment due to COVID-19.

Arapahoe, Adams, Denver, Jefferson

\$50,000

Denver Indian Health and Family Services

COVID-19 Vaccine Education Campaign for the AI/AN Community

Develop and disseminate a culturally relevant education campaign about the safety and importance of the COVID-19 vaccine to Denver-metro AI/AN populations. The campaign will be developed in partnership with Denver area AI/AN organizations and the Colorado Commission of Indian Affairs. Additional funds will be used to provide immunization clinics including mobile clinics.

Adams, Arapahoe, Denver, Jefferson

\$100,000

Family Supports

Four Winds American Indian Council

Wrap Around Services for AI/AN People Experiencing Homelessness

Provide outreach and survival gear to AI/AN experiencing homelessness in the Denver Metro area.

Adams, Arapahoe, Denver, Jefferson

\$25,000

Impact Charitable

Direct Cash Assistance Pilot Planning

Support a planning grant to identify and propose opportunities to address the economic mobility barriers faced by underserved communities in Colorado with direct cash transfers. Investigate the successes and failures of other direct cash models, analyze program design and integrate learnings from the Colorado Left Behind Workers Fund.

Statewide

\$10,000

Lifespan Local

Public Health Educator Team

Support a team of trained community residents to work in partnership with Denver Public Health, through Lifespan Local, to provide education on COVID-19, engage with residents on vaccine hesitancy and acceptance, and promote vaccine access and uptake.

Denver

\$140,000

Spirit of the Sun

Social Support to Reduce Isolation for Youth and Elders

Provide a virtual forum for learning about AI/AN culture and traditions by connecting youth and elders, with goals to reduce isolation and build resiliency among youth.

Adams, Arapahoe, Archuleta, Denver, Jefferson, Montezuma

\$25,000

Food Supports

Colorado Blueprint to End Hunger

Colorado COVID-19 Emergency Hunger Relief Fund

Support a pooled fund for food-relief in Colorado, reaching deeply into community partnerships and organizations addressing immediate needs for food.

\$100,000

Health Care Safety Net

Colorado Center for the Advancement of Patient Safety Pathways for Rural Health to Thrive in a COVID-19 World

Support Colorado's rural health care safety net with coaching, peer networks, and technical assistance to navigate the impacts of COVID-19 on health care delivery and increase partnerships and access to funding networks.

Multicounty

\$66,000

Pooled Funding

Immunize Colorado COVID-19 Vaccine Equity Project

Support Immunize Colorado to lead COVID-19 vaccine equity efforts through a partnership with the Colorado Vaccine Equity Taskforce, the Together We Protect pooled fund and the establishment of a community of practice to support and inform community engagement efforts addressing vaccine hesitancy and access.

\$150,000

Latino Community Foundation of Colorado Ayuda Colorado Fund

Support Latino led/serving organizations, as well as Immigrant/Refugee led/serving organizations, to ensure continuity of critical organizations meeting the needs of Latino residents in Colorado as the impacts of COVID-19 continue across the state.

\$150,000

Mile High United Way Keep the Lights on Fund Colorado

Support a pooled fund for Colorado-based childcare providers that provides small grants to address challenges associated with COVID-19, ensuring continued quality care for Colorado's children.

\$100,000

Sheltering: Youth, Women, Families

Colorado Village Collaborative Temporary Safe Outdoor Spaces (TSOS)

Create Temporary Safe Outdoor Spaces (TSOS) during the COVID-19 outbreak to mitigate the spread of the virus and better connect people who are unhoused with support, health care, temporary and permanent housing, and other resources.

Denver

\$19,000

Sheltering: Youth, Women, Families

Posada

Supporting Pueblo Residents through COVID-19

Provide emergency shelter, support services, housing programs and youth services to Pueblo residents experiencing homelessness. Navigate and respond to the impacts of COVID-19 on the community and organization.

Pueblo

\$30,000

Pueblo Rescue Mission

Services for People Experiencing Homelessness

Continue providing care and services to people experiencing homelessness in Pueblo and the surrounding communities during COVID-19 pandemic. The organization is a trusted hub providing access to shelter, food, health and other supportive services.

Pueblo

\$15,000

Saint Francis Center

Temporary Safe Outdoor Spaces (TSOS)

Temporary Safe Outdoor Spaces (TSOS) during the COVID-19 outbreak to mitigate the spread of the virus and better connect people who are unhoused with support, health care, temporary and permanent housing, and other resources. The group will begin operating two spaces in the next three weeks and Caring for Colorado funding would be directed to a site that welcomes women, including women who are lesbian, bisexual and transgender. Mayor Hancock's administration and the Denver City Council have permitted these spaces for use to support people experiencing homelessness during the coronavirus. The TSOS will be staffed and accessible 24 hours per day and offer the following resources and services:

Denver

\$19,000

The COVID-19 Eviction Defense Project

Colorado Partnership

Support efforts to address eviction, displacement risk and housing insecurity through legal assistance, rental assistance programs promoting family stabilization, research, and advocacy.

\$100,000

2021 COVID-19 Relief and Recovery Funding

School Age Engagement and Care

Aurora Community Connection Family Resource Center

Expanded In-Person Learning & Mental Health Support for Latinx Children

Expand ACC's existing in-person support for remote learning for low-income, Latina families in North Aurora to a model offering 14 contact hours per child per week, aiming to replicate the social connections and engagement of in-person learning in schools. This program would include a licensed educator, daily exercise and wellness sessions that promote mental and physical health, in a space that adheres to all relevant public health guidelines. ACC staff would also provide referrals to mental health services to enrolled children and their caregivers.

Adams, Arapahoe

\$25,000

BeyondHome

BeyondHome Youth Program

Support the BeyondHome Youth Program which focuses on the educational goals and mental health of BeyondHome children and youth and is actively responding to the current COVID-19 crisis by meeting the needs of children and youth as they navigate remote learning and changes in their environments.

Jefferson, Adams, Denver

\$20,000

Boys & Girls Clubs of Larimer County

Harmony Village Remote Learning Center

Support a comprehensive plan to serve youth across Larimer County through mobilization and implementation of Boys & Girls Club Remote Learning Centers. Remote Learning Centers exist to provide a safe place for youth to go during traditional school hours, support student engagement in virtual learning settings and ensure that students have access to enrichment activities that help to promote and reinforce academics and promote social and emotional wellbeing. These centers are targeted at helping some of our most vulnerable youth populations.

Larimer

\$20,000

School Age Engagement and Care

Boys & Girls Clubs of Metro Denver

Academic, Social-Emotional, and Health Supports for Metro Denver Youth

Support out-of-school-time programs (after school) and remote learning centers (during the school-day), which focus on providing safe physical spaces for youth to access and receive academic, social, emotional, and health supports in a caring, community-based environment staffed by trusted adults.

Nimbly adapt to the constant changes in school and life circumstances children are experiencing during the COVID-19 health and economic crisis – focusing on children of color and children experiencing poverty, who are being disproportionately affected.

Adams, Arapahoe, Denver, Jefferson

\$25,000

Boys & Girls Clubs of the San Luis Valley

Virtual Youth Engagement and Support

Support enhanced programming, including Positive Action curriculum and Sources of Strength, as schools transition to full remote learning due to the increase of COVID-19 so that youth are socially engaged and connected in a time where being physically engaged with others is not a realistic option.

Alamosa, Conejos, Costilla, Rio Grande

\$20,000

Boys and Girls Clubs of Pueblo County

Removing Barriers to Health and Wellness While Creating Opportunities in Pueblo

Support BGPC's five Clubhouses and three In Person Learning Communities to provide safe, structured, technology-enabled places for Pueblo's kids who are experiencing disruption in their school, family and social lives due to the COVID-19 pandemic. In-Person Learning Communities provide a safe, supervised place for kids who would otherwise be home alone on their remote learning days and funding will support staff, program supplies, transportation and cleaning/PPE supplies.

Pueblo

\$25,000

Center for Rural Outreach and Public Services

Growing Ute Online Student Navigation and Supports

Increase academic performance of Ute Mountain Ute Tribe children in grades K-12 by providing hands on, culturally relevant, age appropriate, out of school learning activities in a Makerspace that aligns with Science, Technology, Engineering, Arts (Native) and Math.

\$25,000

School Age Engagement and Care

Center Viking Youth Club

Center Viking Youth Club- School Age Engagement & Care

Support youth through expanded out-of-school time programming provided Monday-Friday. During this disrupted time, promote the health, social, educational, vocational and character development of youth in the San Luis Valley and provide a safe, trusting, and positive space where all youth are given opportunities that enrich their strengths, encourage healthy relationships, and envision future possibilities.

Alamosa, Rio Grande, Saguache

\$20,000

Colorado Education Initiative

Summer/Fall Youth Wellness in Communities and Schools

Support coalition building and planning efforts, being led by CEI and Early Milestones, to address the needs of elementary school and high school students who've been most impacted by COVID-19 disruptions in learning and social and emotional wellness.

\$25,000

Colorado Education Initiative

Recovery Summer Coalition

Support a coalition working to provide young children and adolescents with an enriching, supported, consistent summer experiences while partnering with school districts to prepare for the learning and social and emotional needs of students for the fall 2021 school semester.

\$250,000

Colorado I Have A Dream Foundation

Expanding Remote Learning Centers

Support Remote Learning Centers to provide a safe, supportive, in-person learning option for students and families who are struggling academically, socially, and emotionally. Increase the number of seats available for students and families looking for this option and support student engagement in learning, provide authentic and frequent social-emotional engagement opportunities, connect students with mental health, and ensure a stable, caring, individualized learning environment for students.

Denver

\$25,000

School Age Engagement and Care

Denver Inner City Parish

COVID-19 Student Support Center

Support the COVID-19 Student Support Center which helps students stay motivated and engaged in remote learning by providing students with the space, technology, and technical, educational, and social emotional support needed to succeed. The Learning Center is designed to provide a COVID-safe, socially distanced workspace for students, equipped with WiFi and laptops to loan to students who do not have their own. DICP's Puentes Mentoring program will expand to serve 10 additional high school seniors at the Student Support Center.

Denver

\$20,000

Early Connections Learning Centers

Remote Learning Support for School Age Children

Support school age students in El Paso County while they are learning remotely by providing distance learning support (including computers, reliable internet, and a safe stable place to learn), outdoor play time, three nutritious meals daily, and one-on-one behavioral health support. Continued support for in-person distance learning ensures students have more equal access to education and support.

El Paso

\$25,000

Empower Community High School

School Engagement through Academic and Mental Health Supports

Offer two new programs designed to support students' academic growth and mental well-being, thereby increasing engagement. The Justice Fund provides financial support to families most impacted by COVID-19 for emergency financial assistance and referrals for counseling. The Hustle Collective supports engagement through a series of student-led projects designed to increase students' interest in learning with support from a mentor.

Adams, Arapahoe, Denver

\$25,000

Family Resource Center of the Roaring Fork Schools

Engagement & Care Support for Distance Learners

Hire a full-time, bilingual, bicultural family liaison to provide regular home visits to youth and families enrolled in distance-learning. A liaison dedicated solely to a 400-student online learning school can ensure students are engaged, motivated and continuing to learn. Regular home visits with a trusted adult will provide social engagement and support for students' emotional well-being, as well as provide access for youth to integrated health care - including mental health - in a virtual environment.

Eagle, Garfield, Pitkin

\$20,000

School Age Engagement and Care

Florence Crittenton Services of Colorado

Social Emotional Engagement with Teen Families

Support Florence Crittenton Services' Student and Family Support Program and Early Childhood Education Center staff in keeping teen mothers and their children engaged and supported while learning from home. FloCrit will work to engage young families in creative and adaptable ways. Services provided include virtual check-ins, mental health counselling, virtual and in-person ECE Center content, academic support, housing assistance, basic needs support, and home visits.

Adams, Arapahoe, Denver, Jefferson

\$20,000

Friends of Lamar Hope Center

Expanded Programming at Lamar Hope Center

Support the Friends of Lamar Hope Center in providing expanded after school programming, social connections, school engagement, food and adult engagement for youth grades 3rd-12th at Lincoln Elementary School or through virtual supports. Provide youth a safe space to come, have fun, get homework help, snacks and other supports.

Prowers

\$15,000

Full Circle Of Lake County

Social Emotional Learning Supports for Lake County Students

Address the needs of youth coming out of incarceration during the pandemic by providing a continuum of support at the Montbello group homes where students have transitioned and are struggling to succeed at remote learning and life. Support includes: case management, tutoring, executive functioning development, sports programming, employment/job training placement, and mentoring. Services even more important in response to the pandemic and amidst racial tensions.

Lake

\$20,000

Gold Crown Foundation

Remote Learning at the Gold Crown Clubhouses

Expand Remote Learning support, providing free programming for youth in need through the remainder of the school year, including families who are concerned about the health of their children, the multigenerational make-up of their homes, and the inconvenience of schools' inconsistencies. Use resources to assist the academic achievement of youth, while enhancing their social and emotional health.

Denver, Jefferson

\$15,000

School Age Engagement and Care

Haven House of Montrose

Remote Learning Program for Children of Homeless Families

Support the continued operation and development of new programs designed to meet and overcome the recent challenges created by the Covid19 pandemic. Programs will ensure that the 20+ children of homeless families currently residing at Haven House who have been unable to return to a full time off campus academic calendar and another 25 to 30 more children that will be enrolled in the next 12 months continue to develop academically at grade level or above. These programs consist of an on-site full time hybrid remote learning/hands on instructional Education Program, with one on one tutors. The funding will help cover the increase in costs relating to the teaching staff and needed supplies.

\$15,000

Heart & Hand Center

Remote Learning Support for Students in Northeast Denver

Offer consistent, structured programming for between 10 to 35 hours each week, with a strong emphasis on remote school attendance and work completion, while supporting social emotional learning to keep students in grades 3-12 supported, engaged, motivated, and learning as educational schedules are disrupted. With in-person programs, meet families' childcare needs and address the continued education disparity for students of color living in low-income households, mitigating the long-term impacts of COVID-19 educational disruptions.

Denver

\$20,000

Highline Academy

Student Care Partnership with Rocky Mountain Kids

Support HANE's partnership with Rocky Mountain Kids to provide childcare and support for students on-site at HANE with before and after-school care, offering more families free or reduced-cost full day care, despite the unpredictability of the school year. Maintain COVID-19 infrastructure when in-person, and re-open quickly when schools are remote to ensure a seamless transition for families.

Denver

\$20,000

International Rescue Committee, Inc.

Academic Engagement and Wellness for Refugee Youth

Support the growing youth program, extending academic, social, emotional, and mental wellness support to refugee youth and similarly displaced populations in Denver. The Back to School Buddies rapid response program will meet youth where they are with their current technology skills, providing one-on-one assistance with families to address digital literacy, unstable internet, communications with teachers, tutoring as needed.

Adams, Arapahoe, Denver, Jefferson

\$20,000

School Age Engagement and Care

Joint Initiatives for Youth & Families

Response to COVID to Enhance Student Engagement

Continue support for a multi-disciplinary team engaged with youth involved in the juvenile justice system and offset costs associated with childcare costs for younger school-age siblings so youth can attend in-school classes; technology needs; mental health supports; and, supports for a learning pod environment on school premises, including access to adult support and increased social/emotional connections.

El Paso, Teller

\$25,000

Karis

Supporting Homeless Youth in School During Covid-19

Provide support to homeless students by creating a supportive learning environment, connecting them to positive adults and mental health supports as needed, and offering incentives to help students stay motivated to remain in school.

Mesa

\$5,000

Kids Above Everything

Enhanced Support Services

Support youth of color, ages 5 through 20, who face obstacles to social emotional wellness and academic success, by integrating mentorship and media arts education within and beyond the school day, with a specific focus on programming for K-5th grade students at Stedman Elementary.

Denver

\$20,000

Make a Chess Move MACM

Make a Chess Move Move-MACM

Develop tenacious learners, compassionate leaders, and ethically driven critical thinkers by offering programming during the school year in the MACM offices. This enrichment program will provide a safe space for youth social interaction, and a technology center to build career skills.

Denver

\$20,000

School Age Engagement and Care

Mile High 360

Enhanced Programming for Students During COVID-19 Pandemic

Provide a structured, safe, enriching and nurturing learning space for students to do their remote, online classes, Monday-Friday for full-day programming, to bolster student engagement in school & life.

Programs include healthy meals and snacks, physical activity, and a robust mental health program that uses an evidence-based curriculum.

Denver

\$15,000

Mile High United Way

United for Schools

Partner with the PEAK Learning Center to provide quality out-of-school-time programming to students at four partner elementary schools in South Thornton. Provide engaging, enriching OST opportunities that have demonstrated a positive impact on school attendance and literacy during this time when it is critically important to provide enhanced care and supports for families.

Adams

\$20,000

Project VOYCE

Maintain Resilience and Learning

Serve low-income youth and families who have been greatly impacted by COVID, especially those from communities of color, through enhanced basic human needs support for youth and their families as well as shifted programming to ensure that youth are safe by centering their health, emotional health, and wellbeing.

Adams, Arapahoe, Denver, Jefferson

\$20,000

Respite Care Inc

Education and Social Engagement for Children with Developmental Disabilities

Provide children with developmental disabilities, living in low-income families, with distance learning, social engagement opportunities, enrichment activities, meals and snacks, and quality, individualized care in a safe environment designed to accommodate the needs of children with disabilities during COVID-19.

Larimer

\$20,000

School Age Engagement and Care

Ricardo Flores Magon Academy

COVID 19 Support for Students

Support activities that ensure equitable access to remote learning education resources and foster strong student engagement at all grade levels. Increase the number of Latino students that RFMA can accommodate in a remote learning space that offers a safe, connected environment to engage in remote learning, in-person academic and social-emotional learning support, as well as nutrition during school days, five days a week.

Adams, Denver

\$20,000

Riverside Educational Center

REC Online Student Support

Continually provide academic, social-emotional, and enrichment programming to Mesa County students virtually. Support a holistic model of student support, virtually meeting with students individually to provide check-ins and connect them to other services, facilitating virtual peer groups to maintain social connections, and delivering supplies for enrichment activities.

Mesa

\$20,000

Stepping Stones of the Roaring Fork Valley

Expanded Daily Support for Older Youth

Provide critical services to 150 at-risk youth in Carbondale with seven hours of daily programming to youth in 5th - 12th grades, including distance learning support, prosocial activities, and mentoring. Continue to provide safe, stable environment amidst the instability of COVID, where youth can build healthy relationships, increase protective factors, and build resilience.

Garfield, Pitkin

\$20,000

Struggle Of Love Foundation

School Age Engagement and Care Spreading Our Love Mentor and Leadership Program

Provide in-person safe, social distancing learning labs and engage with students ages 5 to 12 years. Provide supervised afterschool sports-oriented and enrichment programs for up to 15 youth 12 – 18 years and continue engaging with youth through our mentor/leadership program. SOLF will work with community-based partner organizations to ensure that participating students and their families have access to support services such as mental health support and emergency food relief.

Denver

\$20,000

School Age Engagement and Care

Summit County Youth and Family Services

The Drop-In Teen Center

Expand the Teen Center hours to full-day programming to offer tutoring services, a remote place to learn, socialize and recreate with other peers and healthy, screened, adult staff and volunteers. The ultimate goal of the expansion is to keep youth connected with other peers and adults and to offer access to learning during their remote school days.

Summit

\$20,000

Sun Valley Youth Center

Academic, Mental Health and Social Emotional Supports to Low Income Students

Support in-person learning centers where students come to receive everything they need to do their assignments (i.e. a quiet workspace, reliable internet, computer access). Programming emphasizes social-emotional learning and mental health well-being. Staff are trained in trust-based relational intervention and help students remember the ways that are most beneficial for them to remain in control, not get overwhelmed, and be connected to supportive adults who care about them.

Denver

\$20,000

The Family Learning Center

Support to Keep Low-income Students Engaged and Thriving

Serve children, youth and families living with low-incomes and other barriers in Boulder County. With COVID-19 threatening educational engagement, particularly for low-income students, support will help ensure that youth can continue benefitting from tutoring and educational enrichment in a safe environment at the Center while also receiving the tools and support they need for a successful remote school learning experience.

Boulder

\$25,000

The Matthews House

Homework Helpers and Learning Labs at The Matthews House

Provide a safe and enriching environment for students to work on and receive help with school work, eat a healthy snack, and build positive relationships with other students and adult mentors. Provide transportation for students whose parents have work conflicts and are unable to transport their children.

Larimer

\$20,000

School Age Engagement and Care

Urban Peak Denver

Education & Employment Classroom Updates

Help youth experiencing homelessness increase their independence, build positive relationships, make progress to achieve academically, and develop employment and career skills. Youth experiencing homelessness are facing the challenges of COVID-19, especially in disruptions to schooling. Support reliable technology updates to help youth facing challenges of virtual and remote learning and help youth engage in peer and adult relationships promoting SED.

Adams, Arapahoe, Broomfield, Denver, Douglas, Jefferson

\$20,000

Vega Collegiate Academy

Support Student Engagement & Care in Northwest Aurora

Support the child care program, serving 82 families, that provides supervised virtual learning spaces, activities, meals, and engagement that promotes strong social-emotional and physical growth.

Adams, Arapahoe

\$20,000

Youth Club of Trinidad, Inc.

Operation Remote Learning Support

Support children who are remote learning in Trinidad by providing them with a safe environment that has internet access. Providing meals and snacks, help managing their schedules and assignments, and extracurricular activities to fill in gaps in their schedules due to a lack of in person instruction.

Las Animas

\$10,000

2021 COVID-19 Relief and Recovery Funding

Youth Well-Being

Apprentice of Peace Youth Organization

AOPYO Youth Advisory Council's "Value of Life Campaign"

Support the youth advisory council's Value of Life campaign to increase social and emotional support for youth of color as they design workshops and programs to decrease stigma around mental health concerns.

Adams, Arapahoe, Jefferson, Douglas, Denver, Broomfield, Boulder

\$44,000

ASSET Education

Tier 1 Mental Health Supports for Students & Staff

Provide a school-wide, prevention-based social and emotional learning program to 16 schools across Colorado.
