Promoting Mental Health Equity in Rural Schools

Support a five-year plan for 31 school districts (14 in the San Luis Valley and 17 in southeastern Colorado) to implement five equity-driven strategies to promote mental health for youth and staff. Strategies include (1) launching a network for equity advocacy in rural schools, (2) creating and implementing plans to promote youth mental health in schools, (3) supporting schools to improve staff mental health, (4) supporting schools to strengthen family school partnerships, and (5) engaging community partners. The Center for Rural School Health Excellence will provide highly intentional facilitation, technical assistance, opportunities for professional development and other supports for schools' efforts to promote youth and staff mental health.

Children, Youth and Families

Boys and Girls Clubs of Pueblo County

General Operating Support for Boys & Girls Clubs of Pueblo County

Funding will provide general operating support to ensure Club members: are on track to graduate from high school with a plan for their future; model strong character and participate in community service; and practice healthy choices. BGPC's seven Clubs are: East Side, Avondale, Sprague, Irving, Cesar Chavez, Ray Aguilera Club @ Central and Minnequa.

\$100,000

Care and Share Food Bank for Southern Colorado

Feeding Families in Pueblo Colorado

Funding will help sustain and expand Care and Share's hunger-relief efforts in Pueblo County. It will support the acquisition, transportation, storage, and distribution of millions of pounds of food to Pueblo neighbors struggling with hunger.

\$65,000

CASA of Pueblo

Individual Plans, Wellness Visits, and Court Advocacy for Abused and Neglected Youth

Funding will support recruiting, screening, and training community volunteers to be court-appointed advocates for abused and neglected youth. Over the past few years, advocacy efforts have expanded well beyond the court room to provide equitable services through pro-active advocacy plans that address the unique needs of both the child and family through wellness checks, reporting, and regular Family Engagement Meetings.

\$90,000

Catholic Charities of Southern Colorado

Building Resilient and Thriving Families

Funding will support programs run by Catholic Charities of Southern Colorado, which support individuals and families in Pueblo County on their path toward flourishing and reaching their full human potential. At the heart of the agency's programs is an understanding that an environment that promotes protective factors and positive childhood experiences leads to healthy, secure, and resilient families both now and in the future.

\$50,000

East Side Child Care Center

East Side Child Care Center

Funds will support needed quality childcare and early childhood learning for children 12 months to 60 months of age, school age childcare for children 6 to 12 years of age. Funds will contribute to availability, accessibility and affordability of quality childcare services for predominantly low-and moderate wage earning adults working essential jobs and adults enrolled in vocational training and/or higher education pursuits to increase family income.

\$90,000

Sperry S. and Ella Graber
